to 4% per cent and the rate touched 5 per to 4½ per cent and the rate touched 5 per cent during the morning. There was less demand for commercial paper and the rates for time loans were firmly held at 5 per cent for all periods. Reports from interior monetary centers were of a firm tone to the money market and a large demand from smaller town and country places for currency, indicating the nearer approach of the demand upon New York reserves. New York exchange at Chicago continued to York exchange at Chicago continued to droop and was quoted at 10c discount com-pared with 20c premium early last week.

The New York Subtreasury is contributing slightly to the local money market by reason of the full tide in the monthly pension payment, but the recent daily deficit reported by the Treasury at Washington gave place to-day to a surplus of several hundred thousand dollars for the first day during the current month. This recalls the course of the Government revenues last month, the deficit having reached nearly \$13,000,000 about the middle of the month, but falling to \$7,500,000 by the end of the month. Saturday's Treasury statement showed a deficit for the month to date of \$2,751,327, compared with a surplus of more than half a million for the corresponding period last year. The decrease in internal revenue thus far this month by reason of the repeal of the war taxes, has reached \$2,401,344. compared with last year, while the customs receipts this month are \$2,585,523 greater than last year and the total Treasury receipts have exampled this Subtreasury Gives Some Help. 224 greater than last year and the total Treasury receipts have expanded this month \$1,221.125 over last year. It is only, therefore, by reason of an increase in the month's expenditure by the Government of \$4,520,000 that the money market has ex-perienced any relief from the drain caused last year by the Government's surplus.

Bank Reserves Near Depletion.

Whether the increased rate of expenditures of the Government is likely to be kept up is a problem much discussed in Wall street, owing to the approaching depletion of banking reserves. Besides the local money situation, the market was depressed by selling of stocks for London account, owing to hardening money rates there. The net earnings of railroads for June reported showed some decilne in the Southwest owing to shortage in the corn movement, and intimations were given of probably similar results for July. The reported retirement of the president of the general market, although the stocks of that corporation were but little affected. Offsetting factors in the heaviness of the market were the strength of of Louisville and Nashville on supposed proxyess in the financial readjustment, in Toledo, St. Louis and Western on rumors of Vanderbilt control, in Texas and Pacific on the alleged seeking of control by St. Louis and San Francisco, Chicago Terminal stock on rumored plans of new tenants and in a number of minor specialities. The closing tone was dull and heavy.

The reduction in the yearly interest disbursement on the Central of Georgia first incomes weakened that group, and had some sympathetic effect eisewhere. Total sales, par value, \$1,70,000. United States ref. 2s advanced ¼ and the new 4s ¼ per cent on the last cal! Bank Reserves Near Depletion.

be learned that the movement was more than room traders' "turn." There were no rumors t account for the rise.

Gould Stocks-The strongest of the Gould group Gould Stocks—The strongest of the Gould group was St. Louis Southwestern preferred, which made a new high record on manipulation of the same character -oted for some days past, and which is being conducted, according to street gossip, by one of the younger members of the Gould family. The June report of the Minsouri Pacific shows a decrease in the net earnings of \$124.428. The decrease in net from January 1 was \$763.000. Western Union declined on light transactions, being affected by the latest story of losing fresh business in Pennsylvania.

Detroit Southern-Both the common and the preferred scored fresh advances to-day, the com-mon seiling at the highest price on record. The buying was of a character that justified recent reports that the stock was being absorbed in the interest of a large system. Negotiations looking to a change of control, which were suspended some time ago, are understood to have been resumed.

Union Pacific-It was officially announced to-day that the stockholders of the Union Pacific Railroad Company had availed themselves of the right to subscribe for all the \$11,000.000 of the new Oregon Short Line bonds, except about \$500,000. Foreign-London was not inclined to trade actively in this market to-day. In all the arbitrage houses did about 16,000 shares, principally sales of the general list. The cables reported London to favor a waiting attitude on Americans on account of the autumn money movement.

Clover Leaf—The early feature was the advance in Toledo, St. Louis and Western common and preferred, to the highest record prices. The basis of the day's movement was the continued buying on a heavy scale by Harris, Gates & Co., accompanied by the new ramiliar rumors of a "deal."

New York Stock Quotations.

The following shows the opening, highest, lowest and closting quotations on the New York Stock Exchange yesterday. Corrected daily for The Republic by Francis, Rro. & Co., bonds and stocks, No. 214 North Fourth street: Per Cent.

New York, Aug, 18—A dull and magging stock market to-day was the natural consequence of various evidences going to show that the expansing increasing inroads upon banking increasing inroads upon banking reserves. The continued transfer of credits to foreign lenders through the medium of the exchange market, mitgated the anxiety over the money outlook without entirely curing it. The response of the London discount market to the American borrowing demand gives warning that the process may be checked by bringing the interest rates of the two centers to a parity. In the local money market the banks very generally marked up their rates for call loans to 4½ per cent and the rate touched 5 per Sales Open High Low Close Yes

INJURED BY AUTOMOBILES. OLIVE STREET BUILDING SOLD. The Reverend Theodore Miesler and August Felter Run Down.

CHICAGO AND ALTON.

The Reverend Theodore Miesler, pastor of the Lutheran Church in Des Peres, St. Lou's County, is suffering from injuries sus-

Louis County, is suffering from injuries sustained in a collision on the Manchester road last Thursday right with an automobile. He was returning home in his buasy from a sick cail when the with cie crashed into him and overtunned his rig. Doctor Miesler was bruised and badly shaken up, but his injurits are not serious.

The preceding night an automobile crashed into a buggy in which August Felter of Des Peres was rading, and his vehicle was almost overturned. He escaped without serious injury.

Complaints were made at Clayton yesterday against the chauffeurs who nightly scorch along the Manchester road. The thoroughfare is one of the best macadamized roads in the ecunty and the residents in its vicinity say they are in constant terror of being run over. They made complaint before the last Grand Jury, and that lady recommended that the speed of the machines be regulated, but no action has been taken.

INDIAN GIVES HIMSELF UP. Full-Blood Walked Seventy-Five Miles to Surrender.

Muscogee, I. T., Aug. 18.-Edmond Butch er, a full-blooded Indian, walked seventy-five miles from his house west of this city five miles from his house west of this city and to-day surrendered to the officers, stating that he had killed his brother-in-law, Jack Fish, in self-defense. With him were his wife, two children and a black cur.

Butcher told his story and the jall was pointed out to him. He went alone and entered without an officer or a commitment. His squaw turned her back upon the fail and with the children and cur started back on the long tramp to their home in the hills. Her bare feet were blistered by the hot sands, but she did not complain. Butcher will be tried at the September term of court.

Advance in Values Shows Business Is Moving Westward.

The three-story buildings Nos. 2108, 2119 and 2112 Olive street were sold yesterday by the Schollmeyer Real Estate Company to J. M. Carpenter for \$55,000, or \$500 a foot for the ground. The price is considered by real estate agents to indicate an advance in values, showing that business is moving west on Olive street at a rapid pace, and the property is much in demand for future mercantile purposes.

The property pays a fair income on the purchase price, aithough the future of Olive street as a business street, and the consequent enhancement of values, entered largely into consideration with Mr. Carpenter, who is regarded as being one of the shrewdest and best posted real estate owners in the city. Washington avenue and Olive street both are said to owe to Mr. Carpenter a large share of credit for their phenomenal advancement in values in the last few years. to J. M. Curpenter for \$76,000, or \$700 a foot
